Stand 02. July 2018

Clearance certificate

for conversion of the handlebar / stem combination with a 25.4 mm clamping diameter

Wilhelm Humpert GmbH & Co. KG hereby confirms that it has no objections to the use of the following handlebar/stem combination with "***Safety Level 4***" for **city trekking e-bikes** with support of an electric motor up to a speed of 25 km/h and a permissible **total weight of 140 kg.**
The combinations have been sufficiently tested and meet the requirements of "**EN ISO 4210-5:2015 City Trekking**". A risk analysis has been carried out.
When used on a vehicle in its original condition no hazard is to be expected.
If the bike is converted as intended, where the length of the brake and gear shift cables and/or lines is not changed, the condition of the bike as prescribed by DIN EN 15194:2017 will be maintained.
